Re: Panhandle Eastern Pipe Line Company, LP
Motion to Place Suspended Revised Tariff Records into Effect
Docket Nos. RP19-1523-000, et al.

Dear Ms. Bose:

Pursuant to Section 4 of the Natural Gas Act¹ and Part 154 of the regulations of the Federal Energy Regulatory Commission (Commission),² specifically 18 C.F.R. Section 154.206(b), Panhandle Eastern Pipe Line Company, LP (Panhandle) hereby submits for filing, as part of its FERC NGA Gas Tariff, Fourth Revised Volume No. 1, the revised tariff records listed in Appendix A hereto (Revised Tariff Records) to be effective on March 1, 2020.

STATEMENT OF NATURE, REASONS AND BASIS

On August 30, 2019, Panhandle filed revised tariff records pursuant to Section 4 of the Natural Gas Act and Part 154 of the Commission's Regulations in Docket No. RP19-1523-000 (Rate Case Filing). Panhandle proposed rate changes for existing services and changes to certain terms and conditions of service. Panhandle proposed an effective date of October 1, 2019, for the revised tariff records. In its Order Accepting and Suspending Tariff Records, Subject to Refund, Rejecting Tariff Revision, Establishing Hearing Procedures And Technical Conference, and Consolidating Proceedings issued September 30, 2019 in Docket Nos. RP19-1523-000, et al. (Order)², the Commission accepted and suspended certain tariff records, as listed on the Appendix attached to the Order, to become effective March 1, 2020, subject to refund, conditions and the outcome of hearing and technical conference proceedings.

Panhandle proposed a cost of service that included facility costs expected to be in-service by the end of the test period, January 31, 2020. The Order, among other things, requires that if the costs associated with any facilities that are not in service at the end of the test period, Panhandle must remove from its rates those costs, and Panhandle must file revised tariff records

¹ 15 U.S.C. § 717c.

² *Panhandle Eastern Pipe Line Company, LP*, 168 FERC ¶ 61,208 (2019).

to reflect the elimination of these costs when it files a motion to place the rates into effect. The costs associated with facilities placed in service during the test period exceeded the amount included in Panhandle's Rate Case Filing by several million dollars, and therefore, no change in rates is warranted to revise the facility costs.

The purpose of this filing is to place into effect on March 1, 2020, certain tariff records suspended in the Order, as adjusted to incorporate the one intervening filing which was made effective subsequent to the August 30, 2019 Rate Case Filing in this docket. Panhandle filed on September 30, 2019 to revise its fuel reimbursement percentages in Docket No. RP19-1641-000. Panhandle further refined those fuel reimbursement tariff records in a compliance filing on October 16, 2019 in Docket No. RP19-1641-001, which tariff records were made effective November 1, 2019 by the Commission's unpublished letter order dated December 5, 2019. The suspended rates, as revised to reflect the current fuel reimbursement percentages, are contained in the Revised Tariff Records.

In the Rate Case Filing, Panhandle proposed to cancel Rate Schedules HFT, WS, PS and IWS. The twelve tariff records affected by the proposed cancellations are the currently effective rates, the rate schedule and the form of service agreement for each of the four cancelled rate schedules. Due to eTariff metadata requirements, Panhandle is not able to automatically motion into effect cancelled tariff records. Therefore, in this filing, Panhandle requests that the Commission accept the substitute versions of the cancelled tariff records filed in Appendix A herein and reject the version included in the Rate Case Filing as listed on Appendix B hereto.

OTHER FILINGS/ORDERS THAT MAY AFFECT THIS FILING

Relevant to this filing, Panhandle proposed in its Rate Case Filing to cancel Rate Schedules HFT, WS, PS and IWS as well as to implement new Rate Schedule IFS. The non-rate proposals were set for technical conference which was held on October 30, 2019. The order on technical conference addressing these proposals has not been issued at the time of this filing. Panhandle is making this filing in anticipation of the Commission's order on the technical conference accepting the cancellation of four Rate Schedules and implementation of new Rate Schedule IFS to be effective March 1, 2020. Panhandle will make further tariff filings, as necessary, to comply with the Commission's order on the technical conference.

PROPOSED EFFECTIVE DATE AND MOTION TO PLACE TARIFF RECORDS INTO EFFECT

Pursuant to Section 4(e) of the NGA and Section 154.206(a) of the Commission's Regulations, Panhandle hereby moves to place into effect on March 1, 2020, the Revised Tariff Records listed on Appendix A. As of March 1, 2020, the suspended tariff records from the Rate Case Filing, detailed in Appendix B, are moot. Panhandle therefore requests that these records be rejected as moot. Panhandle requests any waivers of the Commission's Regulations that are necessary to place the Revised Tariff Records into effect as of March 1, 2020.

Concurrently with this filing, Panhandle is making a separate filing to motion the tariff records included in the August 30 Rate Case Filing that remain unchanged into effect on March 1, 2020.

CONTENTS OF THE FILING

This filing is made in electronic format in compliance with Section 154.4 of the Commission's Regulations. The proposed tariff records in RTF format with metadata attached are submitted as part of an XML filing package containing the following:

- A transmittal letter including Appendices A and B in PDF format
- A clean copy of the proposed tariff records in PDF format
- A marked version of the proposed tariff changes in PDF format
- A copy of the complete filing in PDF format for publishing in eLibrary

POSTING AND CERTIFICATION OF SERVICE

In accordance with Section 154.2(d) of the Commission's Regulations, a copy of this filing is available for public inspection during regular business hours at Panhandle's office at 1300 Main Street, Houston, Texas 77002. In addition, copies of this filing are being served electronically on all parties to these proceedings. Panhandle has posted this filing on its Internet website accessible via <http://peplmessenger.energytransfer.com> under Informational Postings, Regulatory.

Pursuant to Section 385.2005(a) of the Commission's Regulations, the undersigned has read this filing and knows its contents, the contents are true as stated, to the best of his knowledge, and belief, and possesses full power and authority to sign such filing.

Respectfully submitted,

PANHANDLE EASTERN PIPE LINE COMPANY, LP
